

ZESTMASTERS

Excellence in Removable Dentures

Presented by **Gary Burton, CDT**

LECTURE HANDS-ON

COURSE DESCRIPTION

This program will provide an overview of the benefits and protocols to successfully treat partially and fully edentulous patients with implant-retained, tissue-supported removable options that will increase success and hygienic maintenance. Best indications and contraindications for using the latest technology in removable attachment systems will be reviewed. Design, benefits and processing tips will also be discussed.

LEARNING OBJECTIVES

1. Discuss armamentarium and material consideration
2. Learn protocol for processing dentures chairside and working with your lab on these cases
3. Review tips and tricks for predictable outcomes
4. Discuss maintenance guidelines and proper hygiene

ABOUT THE PRESENTER

Gary Burton received his degree in applied sciences from TSTC Waco in 1981. Gary has owned his own dental laboratory as well as working for Calcitek for 8 years, Astratech/ DENTSPLY for 18 years, and is presently employed with Zest Dental Solutions. He has over 1000 hours of continuing education. Gary has worked with dental implants, attachments, materials in many aspects of the dental field since 1981. This includes the manufacturing of sub-periosteal, ramus frame, blade implants and the restorations. Gary has lectured throughout the United States, Mexico, Canada, and Puerto Rico. He has lectured for universities, study clubs, dental and dental laboratory associations.
